Health insurance definitions.

Before you start to even think about shopping for a plan, there are a few pretty confusing terms used in insurance. Get to know these concepts so you feel confident and empowered when it's time to shop.

DEDUCTIBLE—Amount you must pay to doctors and facilities before your plan pays for certain covered services.

OUT-OF-POCKET MAXIMUM (OOP)—The total amount you may pay for services covered by your plan each year. Things like deductibles, coinsurance, and copays may apply to your out-of-pocket maximum.

COINSURANCE—A percentage of the cost of a covered service that you pay after you've met your deductible. For example, you pay 20%, the plan pays 80%.

COPAY—A fixed amount you pay the doctor, pharmacy, or facility for covered services. For example, you might pay \$20 for an office visit with your primary care doctor.

BENCHMARK PLANS—These plans only provide coverage for the Essential Health Benefits as outlined under the Affordable Care Act. They're generally less expensive than other Individual plans.

VIRTUAL VISITS—For urgent medical, mental health, or primary care issues, talk to a provider online using your smart phone, tablet, or computer.

PRIMARY CARE PROVIDER (PCP)—A PCP is the provider you see most regularly for general medical and preventive care. Select Health considers a PCP to be any of the following: family and general practitioners, internal medicine doctors, Obstetricians and Gynecologists (OB/GYNs), pediatricians, Certified Nurse Midwives (CNMs), and geriatricians.

SECONDARY CARE PROVIDER (SCP)—

These doctors are typically specialists such as cardiologists, neurologists, dermatologists, ophthalmologists, and more.

MEMBER PAYMENT SUMMARY (MPS)—This is a list of services covered by your plan. It shows how much you are responsible to pay for each type of service. For dental plans, it is called a Dental Payment Summary (DPS). Refer to your member materials for more details.

SUBSIDY—Depending on your income and other criteria, you may qualify for a Advance Premium Tax Credit or Cost-Share Reduction. To verify your eligibility, visit selecthealth.org/shop, call us at **855-442-0220**, or contact your agent.

Plans and benefits built for you.

Types of plans

HEALTH SAVINGS ACCOUNT QUALIFIED (HSA-QUALIFIED)—

These plans are designed to be used with a Health Savings Account (HSA). Using an HSA means you have more control over your healthcare dollars, with tax advantages.

BENCHMARK—Benchmark plans only cover essential health benefits, as defined under the Affordable Care Act.

OFF-EXCHANGE—These plans are only available for purchase directly from Select Health by visiting selecthealth.org/shop.

STANDARDIZED PLANS—Plans that are designed by the Centers for Medicare & Medicaid Services (CMS). These plans feature benefits that are similar to or the same as Standardized plans from other carriers.

COPAY PLAN—A plan option with predictable costs and easy-to-understand benefit designs. If you like simple, this is the plan for you.

\$0 PCP PLAN—This plan offers unlimited PCP and mental health visits, both virtual and in-person, as well as preventive services with no copay. A great, lower cost alternative that protects you after your deductible for major events, but still offers care options our members love.

SILVER PLANS—If you're eligible for a Cost-Share Reduction (CSR) through the Marketplace, this may be a good option for you. It offers all the benefits of a CSR (based on eligibility) at the lowest possible cost.

Your care options.

Not everyone wants to receive care the same way. That's why you choose how you want to manage your health.

Scheduled care:

Primary care provider

A Primary Care Provider (PCP) sees patients for common medical problems, performs routine exams, and helps prevent or treat illness. You can trust a PCP to know your health history, be your partner in preventive care, and help you find specialists when you need them. To find an in-network doctor, visit selecthealth.org/findadoctor.

Specialty care provider

We've partnered with specialty providers to ensure you have access to high-quality care when you need it. Visit selecthealth.org/findadoctor to find an in-network specialist near you.

Local clinics

All plans include Intermountain Health community clinics and contracted, partner clinics so you never have to go far to get care.

Immediate care:

Intermountain InstaCare®

When you need urgent care outside of normal business hours, this is a great option.

Urgent care

For urgent care within your service area, go to an in-network facility. For emergencies, call 911 or go to the nearest hospital.

Intermountain Connect Care

Use the Intermountain Connect Care app to schedule virtual visits for urgent care.

Hospitals

Our integration with Intermountain Health means you get high quality hospital care at the lowest possible cost. Need care at non-Intermountain Health hospitals? Don't worry! We've partnered with local facilities and providers, too. Go to selecthealth.org/findadoctor to find in-network facilities near you.

Telehealth and virtual visits:

We offer convenient virtual care options for \$0 out-of-pocket when you see in-network Primary Care Provider, Mental Health Provider, and Intermountain Connect Care urgent care providers.

The Intermountain Health® Patient Portal

Use the Intermountain Health Patient Portal app to schedule visits for urgent care, primary care, mental health, and nutritional support. The app even has an E-Visit option where you can get care via online chat. Services available through Intermountain Health Patient Portal may vary by state. Visit intermountain.com/myhealthplus for more information.

Your Provider

You can also schedule a virtual visit directly with your in-network provider. Contact your provider to learn about virtual visit options and to schedule a visit using their preferred platform.

Urgent and emergency out-of-area care: Outside Utah, Idaho, Nevada, or Colorado

Outside Utah, Idaho, Nevada, or Colorado In-network benefits apply when you receive services for urgent

or emergency conditions, no matter where you are. If you need urgent or emergency care, you can use the UnitedHealthcare Options PPO network.

Always present your ID card when you visit a UnitedHealthcare Options PPO network provider or facility. The logos on the back of the card give you network access.

If you need urgent or emergency care and need to find UnitedHealthcare Options PPO network providers or facilities, call Member Services at **800-538-5038** or visit selecthealth.org/findadoctor and select "UnitedHealthcare Options PPO" from the network drop down.

Outside of the country

If you need urgent or emergency care, visit the nearest doctor or hospital. You may need to pay for the treatment at the time of service. If you do, keep your receipt and submit it with a Claim Reimbursement Form, which can be found on selecthealth.org/forms.

Select Health prescription benefits.

Prescription drugs

RxCore® is a closed, five-tier formulary which provides appropriate pharmacy coverage of generic drugs and brand name drugs only when a generic or over-the-counter option is not available. Preferred generic drugs and a limited number of preferred brand-name drugs are covered at the lowest copay/coinsurance available for generics and brands respectively. Some drugs will be covered at higher tiers based on their cost regardless of whether they are brand or generic. There are five copay/coinsurance levels as described in the table below.

Tier 1—	Lowest Cost (preferred generic and some brand-name drugs)
Tier 2—	Low Cost (non-preferred generic and some brand-name drugs)
Tier 3—	Medium Cost (preferred brand and some generic drugs)
Tier 4—	High Cost (non-preferred brand and some generic drugs)
Tier 5—	Highest Cost (specialty brand name and generic drugs)

Prescription drug list (PDL)

To find your medication, its tier, cost, and any special requirements, use the search function at selecthealth.org/pharmacy.

Special requirements

Some drugs require step therapy or preauthorization before they will be covered by your plan.

STEP THERAPY — If a drug requires step therapy, your doctor must first prescribe an alternative drug. These are generally more cost effective and do not compromise clinical quality. Step therapy may be waived for medical necessity.

PREAUTHORIZATION — This means that your doctor must contact us for approval before your drug will be covered.

90-day maintenance drug benefit

This benefit allows members who have been taking a medication for at least one month to access a 90-day supply of select generic and brand-name medications. This reduces fill-frequency, saving time and money.

Hassle-free mail order

Get your medication delivered right to your door for no extra charge with Intermountain Home Delivery. To learn more, call **855-779-3960** or visit selecthealth.org.

Intermountain specialty pharmacy

If you take specialty medications, use the Intermountain Specialty Pharmacy for quality service at a lower cost. Learn more by calling **877-284-1114**.

Your neighborhood pharmacy

Need to visit the pharmacy? Don't worry! Your plan includes a large network of local and national pharmacies. To see a full list, visit selecthealth.org/pharmacy.
